

MINES AND MINING.

Silver..... \$.61 3/4
30-day quotation..... 61
Copper..... 9 50
Lead..... 3 20

Four car loads of ore were shipped from this place to Denver the first of the week.

Supt. Cheney, of the Tennessee mine, has resigned and Kean St. Charles has been appointed to the position.

Two small lots of White Hills ore was sampled by the Arizona works this week. The ore was of the usual rich quality.

John C. Potts is in with a shipment of ore from the Prince Albert mine. The ore was sold to the Kingman Sampler.

"Old Sport" Rielly, a miner and prospector well known in Mohave county, is prospecting in the country near Phoenix.

The C. O. D. mill shipped a carload of concentrates to the Arizona Sampler the other day. The mill is doing good work and paying well.

A carload of gold ore from Danby Station was sampled a few days ago by the Kingman Sampling Works. The ore was very high grade.

A stream of silver gold bullion is now beginning to pour in from the White Hills mill. This mill is now turning out thousands of dollars monthly in bullion.

Flynn and Wanick had a carload of ore from their bonanza on the Colorado river worked this week at the Arizona Sampling Works. We have not learned its value.

Carter & Miller, two well known mining men, are developing their gold property nine miles northeast of Hackberry. The ore is looking fine and the ledge widening with development.

Bright and Crandell of Vanderbilt had two tons of ore worked by the Arizona Sampler this week. The ore was from a new find in the Shadow mountain country and was high in gold.

Dr. Afflick and Sam Bagley had a small lot of gold ore from their claims in Minnesota district worked at the Kingman Sampler this week. The ore was rich and netted a nice sum.

Amos Henderson, who has been looking over the mines of Wallapai district for the past week, returned to Kingman yesterday. He is much pleased with the outlook for the mines and may conclude to invest in some of them and erect a fifteen stamp mill.

An effort will soon be made to utilize the water of Mattewiteke Spring, in the Music mountain, in supplying mills and mines with water and power. The water will have to be pumped about nine miles and power can be generated with little cost for a pumping plant.

Reports from the Little Jessie mine are that in the drift that is being run from the bottom of the 730 foot shaft the ore body for its entire length is from three to seven feet thick, the ledge milling \$40 per ton all through. Portions of the ledge run as high as \$1200 per ton. It is the largest body of ore yet struck in that mine.—Prescott Courier.

Capt. Jack Mellan has a novel scheme on hand. He proposes to establish a system of electric transmission from Black Canyon, on the Colorado river. Power wheels are to be put in the rapids in the canyon and from them power will be derived to run dynamos. From these dynamos power will be transmitted to White Hills and the other mining camps up and down the river. The scheme is a good one and can easily be accomplished with the aid of capital. Capt. Jack is a rustler and will make the proposition a success if any one can.

Malcolm McLeish, a New Mexico gentleman who sought the mining camps of Arizona several years ago and prospered, came in from the west this morning and passed on up the road for Denver on some mining deal. He is direct from Prescott, where he is located for the present. McLeish is the manager of the Gold Basin mining and milling company, of Gold Basin, Arizona, and reports to the Citizen that the property of this company is showing up splendidly in good paying gold and silver rock, and that Gold Basin is one of the most promising gold camps in the adjoining territory. On his return to New Mexico he will stop over a day or so in order to investigate the truthfulness of the Cochiti mining boom. He stated that he had heard fabulous tales about the Cochiti mines and if they are so, the district must be a wonderful rich one.—Albuquerque Citizen.

A Happy Reunion.

A romantic episode, wherein were united a mother and her son after a separation of twenty-two years, culminated here this week. Nearly a quarter of a century ago the father of M. B. Ball died in Wisconsin, and the lad, then 10 years old, made his home with an uncle in Iowa. In a few years the uncle died, and young Ball began a roving career that has taken him all over the western states, Canada and Alaska. Thus the mother and son became estranged and lost to each other. Only at long intervals did he write to his home folks, but he changed his address so often that not once in all these years did he get word from them. A few months ago he wrote to his sister, who unknown to him had died, from Ash Fork, and his mother, now Mrs. Reifsnider, feeling the weight of her declining years, yearned for her son. She left her home in Wisconsin and started on her quest. Arriving at Ash Fork, she learned that her son had left the place, with instructions to forward his mail to Winslow. Mrs. Reifsnider arrived here Monday and was told that a young man named Ball was working on the Hart & Campbell ranch as a sheep-shearer. She proceeded thither, and the meeting between mother and son, so long separated, was very affecting. Mrs. Reifsnider left for Grass Valley, Cal., Thursday, where she will make her home in future. Her son will soon follow her.—Winslow Mail.

Sheriff's Sale.

L. O. Cowan, Vs. Arnold Gold and Silver Mining Company, I. P. Lamson, S. W. Sessions, J. H. Sessions and R. H. Judson.

By virtue of an execution is used out of the District court of the fourth judicial district, County of Mohave, of the Territory of Arizona, wherein L. O. Cowan, plaintiff, and Arnold Gold and Silver Mining Company, I. P. Lamson, S. W. Sessions, J. H. Sessions and R. H. Judson, defendants, upon a judgment rendered the 15th day of December, 1893, for the sum of Five Hundred Seventy Two and 70/100 (\$572.70) dollars, United States gold coin, besides cost and interest, I have this day levied upon all the right, title, claim, and interest of said defendant Arnold Gold and Silver Mining Company, I. P. Lamson, S. W. Sessions, J. H. Sessions and R. H. Judson, of, in and to the following described real estate to-wit: The Arnold mine or mining claim consisting of one thousand feet in length and six hundred feet in width, situated in Cedar Valley Mining District, Mohave county, Territory of Arizona, and recorded in Book B., page 189, Mining records of Mohave county, to which records reference is hereby had and made for a more perfect description of above described property. Also that certain Toll road situated in Cedar Valley Mining District, Mohave county, commenced at a point on the Big andy five miles (more or less) southerly from the house of Geo. Russell, running thence northwesterly to the Arnold mine, a distance of twelve miles. Title of said road appears of record in Book 8 of Deeds, page 14 et. seq. records of Mohave county, to which records reference is hereby had and made for a more perfect description of above described property.

Public notice is hereby given that I will, on Monday the 4th day of June, 1894, at 2 o'clock p. m., of said day, in front of the Court House door of the County of Mohave, sell at public auction for United States gold coin, all the right, title, claim and interest of said defendant, Arnold Gold and Silver Mining Company, I. P. Lamson, S. W. Sessions, J. H. Sessions and R. H. Judson, of, in and to the above described property, or so much thereof as may be necessary to raise sufficient to satisfy said judgment, with interests and costs, etc., to the highest and best bidder.

JAMES ROSEBOROUGH, Sheriff of Mohave County.
J. N. CORNEOUS, Deputy Sheriff.

A Card.

To the miners of Mohave county. Having superseded Ewing & Heimrod in the Kingman Sampling works, and having secured the best rates that could be obtained from the smelters I am now prepared to give ore sellers the benefit. All ores will be sampled and paid for on short notice. Call on me for rates before disposing of your ores elsewhere.

WM. H. LAKE.
Kingman, March, 29th, 1894.

A Santa Ana man spent over 50 cents worth of matches while in San Francisco trying to light the electric lamp with them in his room.

Articles of Incorporation of the Needles Smelting Company.

FIRST.

The names of the incorporators of this corporation are, Dan Murphy, Frank Monaghan and H. P. Aldrich.

SECOND.

The name of the corporation is "THE NEEDLES SMELTING COMPANY."

THIRD.

The principal places of transacting the business of this corporation, will be at the Needles, in San Bernardino County, California, and at Kingman, in Mohave County, Arizona Territory.

FOURTH.

The nature of the business proposed to be transacted by said corporation, is that of smelting, milling, and refining gold, silver, copper, iron and lead ores, and ores carrying any minerals; to locate, develop and work mines; to buy and sell mines to buy and sell ores and the products of mines, and to do everything in and about the work of prospecting, locating and developing mines, smelting, milling, and refining all ores, and the buying and selling of ores, and of mines and mining locations.

FIFTH.

The amount of the capital stock shall be One Million Dollars (\$1,000,000.00), divided into one hundred thousand (100,000) shares, of ten dollars (\$10) each. This corporation shall commence its existence on the second day of April, 1894, and terminate its existence on the second day of April, 1919.

SIXTH.

The business and affairs of the corporation are to be conducted by a Board of Directors consisting of seven, and by a President, Secretary and Treasurer, and such other officers as the Board of Directors may from time to time provide for.

The directors for the first three months after the incorporation of this company shall be as follows:

T. R. Gabel, of Albuquerque, New Mexico.
Dan Murphy, of Needles, California.
H. P. Aldrich, of Needles, California.
J. Delair, of Albuquerque, New Mexico.
D. G. Scofield, of San Francisco, California.
R. T. Root, of Denver, Colorado.
C. N. Sterry, of Albuquerque, New Mexico.

That at the expiration of three months an election of a new board of directors for that year shall take place and thereafterwards, the board of directors shall be elected annually. The president, secretary and treasurer shall also be elected annually.

SEVENTH.

The highest amount of indebtedness or liability to which the corporation may subject itself at any time, will not exceed one hundred thousand dollars (\$100,000).

EIGHTH.

The private property of the stockholders is to be exempt from the corporate debts of the corporation.

(Signed) DAN MURPHY,
FRANK MONAGHAN,
H. P. ALDRICH.

STATE OF CALIFORNIA, ss.

COUNTY OF SAN BERNARDINO, ss.
Dan Murphy, Frank Monaghan and H. P. Aldrich, personally appeared before me, the undersigned, a notary public in and for said county and state, and they each being personally known to me as the persons who signed the above and foregoing articles of incorporation, they severally, each for themselves, acknowledged the execution of said articles for the uses and purposes therein expressed.

IN TESTIMONY WHEREOF, I have hereunto set my hand and official seal the twenty-third day of March, 1894.

J. H. WEST,
Notary Public.

TERRITORY OF ARIZONA, ss.

I, J. W. Morgan, County Recorder in and for said County, Territory aforesaid, do hereby certify that the above and foregoing is a full, true and correct copy of the Articles of Incorporation of the Needles Smelting Company, and of the endorsement thereon, as the same is of record and on file in my office.

IN WITNESS WHEREOF, I have hereunto set my hand and seal of office, this 16th day of April, A. D. 1894.

J. W. MORGAN,
Recorder of Mohave County.
